Championing Creativity & Celebrating Community

Welcome to the Dearne Community Arts' Festival!

The Dearne Community Arts' Festival is an opportunity to **champion creativity and celebrate our local community.**

Local residents, art groups, craft groups, sewing classes and a whole raft of community groups have worked tirelessly since January to produce the works you will see here.

We are so proud of our community and the vast range of talent which the festival aims to showcase. There is so much creativity to celebrate in our area!

Come along and browse round the exhibitions of paintings, drawings, photographs, poetry, craft items and much more! Please ask individual exhibitors about purchasing items where applicable.

Marvel at the performing arts with the range of performances on stage, including Thurnscoe Harmonic Male Voice Choir, local musicians, dancers and our very own fashion show!

Take part in workshops and demonstrations ranging from traditional spinning to 3D printing and learn from the Barnsley Bard himself, Ian McMillan, about creative writing
(Friday only; booking required).

What's been happening so far?

The Dearne Community Arts' Festival is the culmination of eight months' hard work! A group of interested local residents and representatives from local community groups met back in January 2017 to discuss the idea of a local arts' festival to champion creativity and celebrate community. The consensus was that such an event would be a tonic to the area and will hopefully become part of our annual local calendar.

To promote the event, we ran **competitions for artwork and photography** in three separate age categories, and the winning entries from these can be seen today in the foyer. Local artist *Pete Deakin* and Barnsley photographer *Stan Bulmer* kindly judged these competitions for us.

Prior to the festival, we ran **workshops throughout the summer**, calling on the talents of local artists who gave up their time and talents to run workshops on a diverse range of themes, from virtual reality cinema to aromatherapy, creative writing for children, craft sessions, learning to knit and performing arts.

Our thanks go to all who took part in these events, especially the artists who graciously gave up their time and talents at no cost to us to provide us with opportunities to find out about new means of creativity, to the local press who supported us by publicising the events so widely and most of all to YOU, the residents, who have shown everyone that creativity and community spirit are alive and well in this area!

We are especially grateful to **Big Local (Goldthorpe & Bolton-on-Dearne)** for funding for publicity materials, banners and programmes for the festival.
