Summer 2024 | Edition 12

Investing in Young People

We are proud to have invested in our young residents by the funding we provided to Dearne & District FC.

The money was used to purchase Dugouts and a Stand which were both required to help them progress in the league.

Allotment Funding

We are delighted to have provided funding towards start-up costs at Highgate Allotment. The allotment works with adults with learning difficulties and will aim to provide an additional safe space in the community and help with practical skills.

If you could spare some time and would like to help out, they are looking for volunteers on a Tuesday and Wednesday.

Big Local Feedback

As we are fast approaching the end of the Goldthorpe and Bolton on Dearne Big Local Project, the current partnership board would like to give the community some feedback on the issues that have been of concern to residents.

When Goldthorpe was awarded the lottery funding, a project was established to purchase run down houses and work in partnership with Barnsley Community Build to train apprentices to refurbish the properties; to take them out of the hands of private landlord ownership, enhance the area and rent them at a reduced rate.

Six properties were purchased and fully refurbished and should have been transferred to a charitable company and asset locked which did not happen. The original partnership allowed these properties to fall into the ownership of Dearne Community Housing whose directors were members of the board. They have sold five and none of the rental income has been reinvested in the community. The current partnership board has continuously requested the help and support from Big Local and The Charities Commission, employed specialist solicitors and contacted Action Fraud to try to resolve this issue to no avail.
